

YOUR ADVANTAGE: JUST-IN-TIME LOGISTICS

AEO-F (Authorized Economic Operator) and BV (Known Consignor)

As a major goal in the worldwide flow of goods, it is important to organize the logistical processes such that delays in delivery and additional costs in the freight process are avoided.

As an Authorized Economic Operator and Known Consignor, LISEGA are able to ensure a secure supply chain, high security standards and simplification of the customs process.

KNOWN CONSIGNOR

The resulting benefits for our customers are:

Time savings of

- up to 2 days by using the simplified customs declaration and thus eliminating customs control
- up to 2 days by having the authority to issue a preferential origin declaration on the commercial invoice
- up to 5 days through avoiding control of goods waiting times at the airport

Cost savings

- no costs for customs inspection
- no customs duties for the issuance of the EUR.1
- no costs for control of goods at the airport

The result is a significant reduction of both freight time and export handling costs.
